

Complimentary Letter

Dear NorthSea Accommodation,

I'd like to express my appreciation to NorthSea for your exceptional Accommodation EPCI for our project CR600 flotel built in CIMC-Raffles shipyard. NorthSea's experienced engineering and superior accommodation installation has been greatly appreciated. NorthSea is a solutions focused contractor with exceptional turn-key solutions.

Your engineering capability for NORSOK & UKHSE standard is well implemented for my project, I believe my upstream end user will be greatly impressed and satisfied.

Your DNV approved management process ensured the entire engineering, procurement, construction, and installation process was executed smoothly and timely.

We trust NorthSea as a reliable Accommodation contractor, especially for vessels operating in the North Sea area.

OJV is willing to maintain a strategic partnership with NorthSea Offshore for future projects.

Sincerely

[Name] OLIVER BENGTSSON
