## Letter of Appreciation

Dear Northsea Staff,

I am writing with great pleasure to express our sincere appreciation to Northsea's stellar service and top-quality helideck product. Your solutions focused strategies have provided COSCO Dalian with an irreplaceable helideck partner.

Your streamlined service has ensured a timely and efficient procurement process for the five helideck projects we have acquired from your company starting in 2013 to include: N527, N581, N596, N610 and N611. Your continued ability to demonstrate proficiency with ongoing projects as a proven and competent offshore partner creates stability and ensures fluidity of operations for our team.

Regardless of the obstacles in the offshore and marine business, we realize that trust, efficiency and quality are three principles that must be maintained by any international business. Our shared commitment to these values further emboldens our cooperative foothold in the offshore market.

We truly value your B2B relationship with us and we look forward to our future together in the marine and offshore business. It is with great pleasure that we endorse Northsea Offshore's products and service and we gladly recommend your company both in the Asian and international markets.

Sincerely,
