20 November 2015

Dear Northsea Offshore,

We take this opportunity to express our gratitude to your esteemed company for all of your superb assistance and careful management and planning throughout the transaction for the Helideck that we received in on October this year for our Jack up Barge in Busan, Korea.

Especially appreciation for MrZhoujian, your service engineer who did a very good job.

We are most impressed by the remarkable craftsmanship of your top quality Helideck, We have been thoroughly impressed by your first-rate service and work ethic throughout EPC process. Reputation is everything in a competitive business market and your company has exceeded our expectations and has set a higher standard not only for the Asian offshore market, but for the world.

Northsea Offshore has truly demonstrated to us what it means to be an exceptional offshore technology business partner.

We look forward to our future together and we will most certainly speak highly of your company and endorse your services and products in the offshore business.

Danil Kim

General Manager / Head of Marketing Division
